

Would you like to give your old smart phones/ tablets/laptops for a good cause?
Our students need them!

Give them the gift of learning

Your used phones will help students attend online courses!

Books for All, a NGO in Noida, has admitted 30 students to vocational training courses, as part of a **HCL Foundation Project** and proposes to admit 20 more students with the help of funds received from other donors and well wishers.

Our bright young students, mostly children of migrant workers have dreams of doing better in life!

Classes have started in online mode. Our students are finding it difficult to attend classes for want of smart phones or other devices

How you can help...

If you have a used smartphone/iPad/laptop in good working condition, please contact

Deepa Sengar: 9819649959

Pravin Bhasin: 9315727451

Your noble gesture could change a young person's life!
