Breaking News - Books for All gets covered in ABP News:

Since 2021, to help children get access to good quality books, Books For All (BFA) has been providing Hanging Libraries to Primary and Middle Schools which have no room to spare for a fully functional library. The unique feature of Hanging Library is that it does not need any space or dedicated infrastructure, as it can be easily hung on walls. Each Hanging Library contains about 100 beautifully illustrated story books in English, Hindi and regional languages and bi-lingual books as well. **Recently our unique initiative was covered by ABP News which brought us a lot of support.** You too can help us by sponsoring a library (costing only INR 8000) or by letting us know if children in a school near you need one such library.
