

## संमार्थ

### MONTHLY NEWSLETTER FROM BOOKS FOR ALL (BFA)

Volume 7, Issue No 11: November 2022

#### **Spreading the Joy of Books now in 11 States:**

BFA is proud to share that with the help of our supports and well wishers, we have been able to install 61 Hanging Libraries in 11 states of India this year. More than 10,000 students from Rural Government Schools are benefitting from these books. BFA also ensured that the students received books in their regional language for joy of reading. Apart from Hindi and English Books, BFA also shipped Punjabi, Marathi, Telugu, Kannada, Bengali and Assamese books .

We are lucky to have many supporters but we are still falling short of our aim of installing 100 Hanging Libraries across India by 2022-23. We can only achieve this target with your unwavering support and generosity. Each Hanging Library costs INR 8,000. To know more about how you can contribute contact Nupur at +91-8447688331.

#### **BFA Sponsored Students are closer to their Dreams:**

Radhika and Priyanka sponsored by BFA passed Class 12 CBSE in 1<sup>st</sup> Division securing 87% and 81% respectively in Commerce stream. Having earned this feat, they have now achieved yet another milestone by securing a place for themselves in B. Com (Hons.) in the prestigious Delhi University by clearing highly competitive CUET exam. Neeraj too is now pursuing his dream by pursuing Computer Science Engineering with Artificial Intelligence (AI) from Galgotia University.

#### **TATA AIG Helped made Diwali Brighter for our Library Students:**

It was our pleasure to host volunteers from TATA AIG at our Sultanpur Library last month. They spent a wholesome time with our students gearing them up for Diwali. Together they painted diyas, made rangolis and a host of other activities were also conducted. They also distributed prizes to the team that made the most beautiful rangoli.

Their visit helped our students get exposure to new ideas too! BFA is always glad to have volunteers from any walk of life. You too conduct activities with our children helping them broaden their horizons!

### Family Planning Association of India Sensitised Students on their Physical Health:

In India, especially in the rural communities, conversations around puberty and sexual health are always considered as a taboo or are silenced in hushed tones. To break this barrier an experienced counsellor from Family Planning Association of India took a 2.5 hour session with Classe 11 and 12 students about gender equality and sexual and reproductive health at Sarvodya Vidya Mandir Inter College. 45 students of both the genders benefited from this session.
