We Don't Teach, We Educate

Volume 8, Issue No 05: May 2023

Earth Day Celebrations:

In line with our mission "We don't Teach, We educate" BFA organizes events across its Libraries to celebrate important Days of National & International importance. April was devoted to Earth Day when children in our five Libraries were engaged in activities like Paintings & Discussions to highlight importance of Earth Day. Students of Sarvodaya Vidya Mandir staged Nukkad Natak at strategic locations in village Sadarpur to highlight importance of waste segregation. About 30 students from NEMP School in Gejha village visited famous Biodiversity Park to pickup recyclable waste. Led by senior Volunteers Lata Agarwal & Sudha Singhal students not only cleaned the park but also learnt about variety of trees in sprawling park.

Story Telling Session at Adobe Noida:

Reputed IT major Adobe System invited BFA to conduct a Story Telling session on 29th April 23 for its employees & their families at their Sector 132 Noida office. Well known artist Seema Wahi Mukherjee conducted the story session on the theme of Earth Day & had audience spell bound with her voice modulation. She effectively engaged children as characters of her story. Afterwards children were engaged in creative works on the theme of story & produced some eye-catching paintings. BFA had setup a kiosk with pictorial display of its various Impact Missions. Our sale counter for story books was very popular & saw good business.

Admission Sponsored Students:

Like in previous years this year too search started as early as Feb 23 for deserving bright students who could be considered for admission to CBSE & UP Board Pvt Schools. To ensure only right students are admitted a 3 tier selection process is used which includes Written Test, Interview & Parents counselling. This year final list had four students for admission to class 6, for CBSE 3 & UP Board 1. Already we have identified four sponsors who will support their education.
