BFA Marks 15 Years of Impact – Founders Day Celebration on 30th Jan 2025

On January 30, 2025, we celebrated our 15th anniversary with a memorable event. Despite her busy schedule, our Managing Committee member flew in from Bangalore to join us. The celebration began with the lighting of the Light of Knowledge, followed by a photo journey presentation by our founder, engaging talks, interactive games, and a symbolic balloon release marking our journey.

Staff, volunteers, donors, and well-wishers gathered for the occasion. Children's performances, a CPR demonstration, and a photo exhibition highlighting key milestones added to the event's significance. The celebration, which stretched beyond lunch, was filled with laughter, memories, and renewed commitment to our cause.

WHL Spotlight – Monigong, Arunachal Pradesh

"How our School uses WHL- Students are divided into groups and 30 min to 45 min time is allotted to each group for reading these books. Students are curious to turn the pages and as a teacher when I see students showing interest for reading, that gives us so much satisfaction. And we are hoping to see the curiosity become a habit, which has direct impact in their academic journey."
