We Don't Teach, We Educate

Volume 9, Issue No 02: February 2024

As BFA Turns 14 this January, another Sankalp Centre in Sadarpur Village

On 30th January 2024, Books For All completed 14th Years! Little did the founders know that starting one Library at Govt—Primary School Gejha in Noida would lead to an all India presence. Books For All has been fortunate to attract volunteers, well-wishers and Corporate partners to support its missions as we grew organically. Today we have 6 impact missions, some with PAN India presence, and we serve more than 50000 students. Making the Founder's Day extra special, BFA started one more Sankalp Centre at Sadarpur Noida, which is an Adult Literacy Centre for migrant women residing in urban villages.

A Big 'Thank You to all our supporters, partners, and well-wishers for enabling us to serve and grow!

Salasar Management Meets Vocational Students sponsored by them

Mrs. Tripiti Gupta, Salasar Director handing over a memento to an Achiever

On January 9, 2024, Books For All organised a get-together of 30 Vocational Training Students, predominantly sponsored by Salasar Techno Engineering Ltd., with the management of Salasar and BFA at the Club House of Eldeco Utopia. This event proved to be enlightening for Salasar, providing a firsthand look at how Vocational Training has positively impacted the lives of these students. They now have a clear direction for their future path, understanding how it can lift them from their current situation.

The 30 students were counselled and mentored by BFA and helped to obtain admission to vocational courses of their choice, in Paramedical, Graphic Design and

Animation, Beauty and Make up, Diploma in IT etc.

Sumit, one of the 30 participants, is currently employed at Tata Motors. BFA helped him undergo a Motor Mechanic course. His training and skills acquired by him as well as the mentoring by BFA have helped him rise from a Petrol & Diesel vehicle inspector to obtain an important role in the EV section.

Ms. Tripti Gupta, Director of Salasar Techno Engineering Ltd, actively engaged with the students, dedicating ample time for interaction, and honoured all participants with mementos.

Sumit Sharing his experience at the event.

BFA Library Cum Creativity Centres- Giving Children a Platform for Creativity and Thought

This year too on the occasion of Republic Day students in BFA Library Cum Creativity Centres created art works, composed poems, and recited them, and performed skits, demonstrating their diverse talents. Our Centre at Sarvodaya Vidya Mandir Sadarpur also held a debate on the theme - Was Colonial Rule better than a Democratic Republic that India is today. This gave students an opportunity to use their learnings of the history of India under British rule and developments post-Independence and present their arguments in a logical manner. BFA prides itself on helping students express their creativity and expand their world view.

A Cricket Match to Remember

BFA Library Students Celebrating the Victory

On 27th January Adobe India gave 17 of our students a unique opportunity! They participated in a Cricket Match with two teams - one of Adobe volunteers and another from Noida Deaf Society.

Noida Cricket Stadium is only a few kilometres away from Sadarpur, Sec-45, Noida, and Students who attend our Library cum Creativity Centre at Sarvodaya Vidya Mandir come across it on a daily basis. The stadium is also the home of the #IPL franchise, the Delhi Dare Devils, and gaining entry into the stadium is a pipe dream for our students. Thanks to Adobe, the students had a memorable experience of playing a match in a stadium, in full cricketing gear with worthy adversaries! So what if they only came runners-up...
