

Books for all

We Don't Teach, We Educate

Volume 9, Issue No 01: January 2024

2023-The Year that was....

WHL Spreading Wings.... Now in Neil Island

What a remarkable year it was for the Wall Hung Libraries (WHL) Project! In just 10 months, BFA successfully shipped 185 WHL to 22 states, benefiting 26,000 students. In December 2023, one of our WHL embarked on a journey to Neil Island (Shaheed Deep), Andaman & Nicobar Islands. This significant breakthrough occurred when one of our board members visited Andaman and wanted children of this beautiful Archipelago to have the JOY OF BOOKS too! And this is just the beginning of sending the happiness of WHL to children in the remotest parts of the country....!

Library in a Tent

BFA set up the first Library cum Creativity Centre at Govt. Primary School Gejha, Sec-93, Noida on 30th January 2010. Due to ongoing school renovations, the library had to be temporarily closed in August 2021. The renovation work is still in progress. Recognizing the school's struggle to bridge the gap left by the library, the principal approached BFA to explore the possibility of temporarily operating the library in a tent in the school premises. For us, the location is inconsequential when there is a need, and we promptly accepted the invitation. In November, we successfully reopened the library.

Children are ecstatic, with both students and teachers participating in the library sessions. BFA is equally excited about this renewed engagement. Where there is will there is a way.!

Towards Inclusivity: BFAs 'Sparsh' Journey in 2023

In October 2023, BFA launched **Sparsh**, marking its 6th and latest impact mission. With a focus on providing Braille and Tactile Books for blind and visually impaired students, Sparsh has made significant progress. In a short time BFA has supplied Braille story books to 45 institutions across 13 states, directly benefiting more than 1500 blind and visually impaired students.

This achievement underscores BFA's commitment to its name - "Books for All," now extending inclusivity to blind and visually impaired individuals. The initiative has successfully reached even the most remote areas, such as Chitrakoot in UP and the far-eastern regions of Arunachal Pradesh.

Health Insurance: A Step Forward for Employee Welfare

We are delighted to announce the launch of corporate health insurance for our staff and their families in 2023. This initiative became necessary as BFA continues to expand, and we firmly believe that when our staff's well-being is prioritized, work is delivered more efficiently. Currently, this health insurance coverage has been extended to all the salaried employees of BFA.

MOUs with New Corporates

BFA partnered with four new Corporates in 2023, helping us to serve more students. Our partners helped us with sponsorship of nearly 100 students to vocational courses, funded a library benefiting about 500 students and enabled us to send WHLs to many deserving village schools. We thank them for reposing their trust in us. BFA would like to also thank individuals who help BFA with funds and professional and moral support year on year, encouraging us to continue our good work and begin new initiatives as well!

Salasar Techno Engineering Limited	Vocational Training	 SALASAR Building a stronger future
Ultragenic Research & Technologies Private Limited	Vocational Training & WHL	 Ultragenic
