Laptop distribution to needy students

BFA Saksham Impact Mission which has empowered hundreds of youth through skill development got another boost thanks to 15 laptops donated by S&P Global. BFA is giving them to the most deserving students pursuing the Advanced Computing course.

A team of 18 executives from S&P Global visited our office to personally donate the laptops and interacted with the management and staff, assuring of more collaboration in the future. This initiative was led by Mr. Rajendra Gupta, who envisioned supporting students beyond training by providing the tools they need to succeed.

We appeal to our supporters to donate unused but functional laptops lying idle with them. Your contribution can help a young person complete their training and build a better future.

Savla fund Continues Support for Paramedical Training

Books For All is delighted to share that Savla Giving Fund has once again extended its partnership to support 12 deserving girls with paramedical training.

The paramedical sector is one of the fastest-growing areas in healthcare. By preparing skilled professionals at the right time, this initiative creates a win-win situation for both the healthcare sector and the young women who receive the training.

To date, 115 students have successfully completed paramedical courses and secured employment, while 81 students are currently undergoing training.

Books For All is grateful to Mr. Miraj Savla and Dr. Aditi Savla for their continued support and trust. We strongly believe that our shared commitment to empowering deserving young women will help transform lives and address the growing need for skilled healthcare professionals.

From Social Media to Print Media

Yet another exciting update has come from Raebareli, Uttar Pradesh, where a Wall Hung Library (WHL) has become a centre of attraction.

Upper Primary School, Khairana, Block Amawan, Tehsil & District Raebareli, Uttar Pradesh discovered our WHL through an Instagram post. Impressed by its compact design, usefulness, and impact, the school approached Books For All to install one on its school.

The library was soon installed, and the initiative received appreciation in a local regional newspaper. In Uttar Pradesh alone, more than 425 Wall Hung Libraries have been installed, benefiting over 100,000 students. Across India, from the cold desert of Ladakh to the Andaman & Nicobar Islands, WHLs have now been installed in 28 States and 4 Union Territories. To date, more than 1,400 libraries have been established, and we aim to install at least 600 more during FY 2026–27.

You can be part of this educational revolution by recommending a school that needs a library or by sponsoring a Wall Hung Library. The cost is ₹11,000, inclusive of all charges, and your name will be displayed as the sponsor of the library.
