We Don't Teach, We Educate

Volume 12, Issue No 9: September 2026

LEARNING, CREATIVITY & SPORTS

Fun filled August

August was pure electricity for our students, packed with big energy, bold ideas, and unforgettable firsts!

Sparks Fly on the Pitch

On August 16, our students took the field for an action-packed football match hosted by Adobe. Beyond the thrill of the game, it was a powerful lesson in team spirit, grit, and sportsmanship as students cheered each other on.

Empowering Creatives with AI

On August 25, our BFA students stepped inside Adobe's state-of-the-art office for an immersive session on AI and smart technology. Trading sneakers for a real-world tech experience, they explored how next-gen tools can amplify their creative potential.

From grass-stained knees to big ideas, August gave our students invaluable exposure to teamwork and future-ready technology.

Thank You Adobe

Our Students at Adobe

PTM & ACADEMIC RECOGNITION

Recognition of Sponsored Students

On August **21 and 22**, a Parent-Teacher Meeting (PTM) was organized across the school libraries of NEMP Gejha and Bhangel. Sponsored students, parents, teachers, and the support team gathered to review academic progress, address individual learning needs, and establish regular study routines.

To celebrate dedication and excellence, rewards in the form of cheques were distributed to meritorious students. This recognition not only motivated students but also delighted the proud parents.

The interactive sessions enabled parents to engage directly with teachers and learn actionable ways to support learning at home. It was a meaningful, collaborative milestone dedicated to fostering our students' ongoing success.

Very soon we shall be allocating batches of 4 students each to a mentor who will be regularly interacting with students and resolve their concerns.

RAKSHA BANDHAN: CELEBRATING UNITY & FRIENDSHIP

Why do we celebrate Raksha Bandhan? Beyond traditional sibling bonds, it is a timeless celebration of protection, care, and unity.

On August 27, our library centres came alive with warmth and vibrant energy as students gathered to honour this spirit of togetherness. Highlights included:

Rakhi of Friendship: Children tied handcrafted rakhi on each other's wrists as a pledge of mutual respect and kindness.

Cultural Storytelling: Interactive sessions brought the festival's rich history to life through storytelling and festive crafts.

It was a beautiful day of camaraderie, teaching our young learners that support and community form the strongest bond of all.

Raksha Bandhan Celebration at Our Library

SPARSH: BOOKS THAT MAKE A DIFFERENCE

Learning with Braille Games

Through Project SPARSH, Books For All is breaking barriers by making learning fully accessible for children with visual disabilities.

In August alone we distributed 8 custom sets of Braille books (Appx 50 books each set), 8 sets tactile learning tools (8 books each), and 8 sets of adaptive games to institutions across NCR. (10 games each).

In this year we are targeting 100 sets of all the three products and have already supplied 40 sets each. So far, we have delivered since inception of Sparsh in Sept 2023 Braille Books sets 351, Tactile books sets 158, Tactile Game sets 74.

Designed for independent reading and hands-on exploration, these resources allow children to discover stories, grasp new shapes, and learn through interactive play. Educators are already utilizing the materials in classes to create more engaging, inclusive learning environments.

Every Braille book opened and tactile object explored brings us one step closer to an equal, joyous education for all. Together, we are ensuring no child is left in the dark.
